- 8:15-8:30** Dr Olivia BENABU  
Is Clinical evaluation (questionnaires, physical findings) enough to diagnose OSAS and its severity?
- 8:30-8:45** Pr Patricia FRANCO  
Cognition and OSAS in children
- 8:45-9:00** Pr Elie PICARD  
Drug Induced Sleep Endoscopy: is it useful?
- 9:00-9:15** Pr Asher TAL  
Behavior, Neurocognitive function and learning morbidities of OSAS.

#### Part 2: Management

- 9:15-9:30** Pr Jean-Yves SICHEL & Pr Itzhak BRAVERMAN  
Technics of Tongsilotomy
- 9:30-9:45** Dr Ari DEROWE  
Others surgical treatments
- 9:45-10:00** Dr Sarit HADAR SHAHOOR  
Can we predict post-surgical complication? Do we need preoperative cardiovascular examination? When to plan a bed in Pediatric Intensive Care Unit?

**10:00-10:15** Pr Ariel TARASIUK

Abnormal Growth and Feeding Behavior Persists After Removal of Upper Airway Obstruction (AO) in Juvenile Rats.

**10:15-10:45** Coffee Break

**10:45-11:45** **ROUND TABLE:** When and why to treat the child who snores?

Moderated by Pr Patricia FRANCO & Dr Olivia BENABU

**11:45-12:30** **WORKSHOPS**

**1. RESMED**

«Traitement du ronflement et du SAOS : l'orthèse Narval en pratique quotidienne»

«Snoring and OSA treatment : daily practice with the Narval MRD»

Intervention de Raphaël COTTANCIN (Directeur Division Orthèse Resmed)

Animation atelier : Dr Bruno LELLOUCHE

**2. EARLYSENSE**

«Contact-free sleep monitoring - Bringing innovative hospital technology to clinics and home environments»

**12:30-13:30** Lunch

## **OSAS and Obesity - Chairmen: Dr Marc BLUMEN & Dr Eyal ROSENZWEIG**

---

**13:30-13:45** Pr Ari CHAOUAT

Obesity hypoventilation syndrome

**13:45-14:00** Pr Marie-Laure RAFFIN SANSON

Inadequate sleep favors weight gain and type 2 diabetes

**14:00-14:15** Pr Yaacov GOZAL : Anesthesiology

Complications and risks of morbidity during intubation and extubation in children and adults

**14:15-14:30** Pr Jean-Luc BOUILLLOT

Bariatric Surgery: «What preliminary medical assessment for what results?»

**14:30-14:45** Dr Ram SHAPIRA

The impact of Bariatric Surgery on Sleep Apnea

**14:45-15:00** Pr Gideon BACHAR

OSAS and Obesity

**15:00-15:15** Dr Eyal ROSENZWEIG

The surgical approach to the morbid obese sleep apnea patient

**15:15-16:15** **ROUND TABLE:** Recommendation and place of Bariatric Surgery in the management of OSAS

Moderated by Pr Yaacov GOZAL & Pr Jean-Luc BOUILLLOT

**16:15-16:45** Coffee Break

## **OSAS - CARDIO/PNEUMO - Chairmen: Pr Pierre ESCOURROU & Pr Elie PICARD**

---

**16:45-17:00** Pr Pierre ESCOURROU

The OSAS after the studies SERVE-HF and SAVE? Does the cardiologist still need to look for the OSAS and treat it?

**17:00-17:15** Pr Frédéric GAGNADOUX

OSAS, Metabolic Syndrome and Cardiovascular Risk

**17:15-17:30** Pr Aviv GOLDBART

OSAS and the Heart in Children

**17:30-17:45** Dr Alain LURIE

Sleep apnea and heart failure: an update focusing on practical aspects

**17:45-18:45** Dr David ATTIAS

The cardiopulmonary equation:  $1+1=3$  ?

**18:00-18:15** **Conclusion / Synthèse :** Pr Pierre ESCOURROU & Pr Elie PICARD

## **HYPERMOMNIA & PARASOMNIA - Chairmen: Dr Marie-Françoise VECCHIERINI & Dr Rivi TAUMAN**

---

- 8:15-8:30** Dr Sylvie ROYANT-PAROLA  
The determinants of the Sleep-Wake cycle
- 8:30-8:45** Dr Nicole MESLIER  
Excessive daytime sleepiness or hypersomnolence
- 8:45-9:00** Dr Sarah HARTLEY  
When the hypersomnolent subject does not have OSAS, what next?
- 9:00-9:15** Dr Joel REITER  
Narcolepsy and hypersomnia in children
- 9:15-9:30** Dr Maria-Antonia QUERA-SALVA  
Rares hypersomnias, narcolepsy and idiopathic hypersomnia: epidemiology and diagnosis
- 9:30-9:45** Pr Yves DAUVILLIERS  
Update on narcolepsy in 2017!
- 9:45-10:15** **Coffee Break**
- 10:15-10:30** Pr Giora PILLAR  
Residual sleepiness in OSAS
- 10:30-10:45** Dr Tamar ETZIONI  
Restless Leg Syndrome (RLS) and Periodic Limb Movements (PLM) - Children
- 10:45-11:00** Dr Maria-Antonia QUERA-SALVA  
Motor disorders in sleep: Periodic Limb Movements of Sleep - PLMS (videos)
- 11:00-11:15** Dr Agnès BRION  
Motor disorders in sleep : Parasomnia, epilepsy (videos)
- 11:15-12:15** **ROUND TABLE: Management of hypersomnia : mutual experiences France & Israël**  
Moderated by Dr Sarah HARTLEY & Pr Asher TAL
- 12:15-13:00** **WORKSHOPS**
1. PHILIPS  
«La technologie Philips au service d'une meilleure observance patient»  
«Philips innovative solutions help you drive a better patient compliance»
2. (Almost) all about sleep (Dr Nathalie AISENBERG)
- 13:00-14:00** **Lunch**

## **INSOMNIA - Chairmen: Dr Sylvie ROYANT PAROLA & Dr Joel REITER**

---

- 14:00-14:15** Dr Sylvie ROYANT PAROLA  
From insomnia symptome to insomnia disease
- 14:15-14:30** Dr Agnès BRION  
Cognitive behaviour therapy for insomnia
- 14:30-14:45** Dr Lilach KAMER  
It's not Insomnia - it's my body clock
- 14:45-15:15** Pr Nava ZISAPEL  
Slow released melatonin in children with Autism and sleep disturbances
- 15:15-16:15** **ROUND TABLE: Telemedicine and Apps on line Programs for insomniac**  
Moderated by Dr Rivi TAUMAN and Dr Sylvie ROYANT PAROLA
- 16:15-16:45** **Coffee Break**
- 16:45-17:30** Clôture des conférences

## **Wednesday November 1, 2017 - Visits (9am to 5pm) - Clôture du congrès**

---

- Laboratories of the Technion (Haïfa)
- Sleep Unit: Soroka Hospital (Beer Sheva)
